Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$5,000 per individual/\$6,000 family	Generally, you must pay all of the costs from providers up to the deductible amount before a plan begins to pay.
Are there services covered before you meet your deductible ?	Yes. Preventive services are covered before your deductible .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No	
What is the out-of-pocket limit for this plan ?	\$6,650 per individual/\$13,300 per family.	The out-of-pocket limit is the most you could pay in a year for covered services.
What is not included in the out-of-pocket limit ?	Copayments for certain services, premiums, balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider ?	Yes. Call 1-888-385-2699 or see https://www.multiplan.com/webcenter/portal/ProviderSearch for a list of PHCS Specific Services providers	This plan uses a provider network . This plan does not cover services or supplies provided by an out-of-network provider . Non-covered services and supplies provided by a network provider will be entitled to the network discount.
Do you need a referral to see a specialist ?	No
